

WASTEMATTERS

APRIL 2019

KNOW WHERE IT GOES — SORT SMART!

Foreign import policy changes continue to negatively impact recycling. There is no tolerance for contaminated materials. Proper sorting is critical!

Please take the time to review your recycling program and adjust as needed.

1. Make sure all collection bins are clearly labeled. Create your own labels and signs or use ours.

Printer-friendly files can be found at www.ssfscavenger.com.

Navigate to the Educational Materials page of our Multifamily or Commercial section.

2. Regularly remind all staff/tenants, including custodians, to sort correctly and report any problems.

3. Contact us with any questions or for help training staff/tenants.

Remember that cardboard and paper can only be recycled when clean, dry and properly sorted!

PUT HAZARDOUS WASTE IN THE RIGHT PLACE

Many of your recyclables are sorted by hand. Please protect the health and safety of our employees by properly disposing of sharps and other hazardous materials. If you can't completely use or give away your leftover paint, cleaners, pesticides, etc., please be sure to dispose of them properly.

San Mateo County Environmental Health provides information and disposal options for residents and businesses that generate hazardous waste. Call 650.363.4718 or visit www.smchealth.org/hhw today!

FREE HOUSEHOLD BATTERY COLLECTION SERVICE NOW OFFERED TO MULTIFAMILY RESIDENTIAL COMPLEXES!

Battery buckets are provided upon request to multifamily account holders. A supervised collection area is required. Please contact our Recycling Coordinator at 650.589.4020 x105 for more information.
