Collection Day Checklist

- ✓ Maintain a safe and litter-free collection area. Put all garbage and recycling inside the appropriate collection cart/bin. Do not use liner bags for recyclables. Keep cart/bin lids closed and the ground swept.
- ✓ Confirm proper sorting. If materials have been misplaced, take corrective action or contact us. For the applicable fee, we will collect improperly sorted recyclables or organics as garbage.
- ✓ Do not block access to the collection area. If the garbage/recycling collection vehicle must make a return trip, additional fees may apply.

Thank you for sorting smart, recycling right, and keeping it clean!
