

## Summer Fruit

Buy only what you can eat. Put the peels, pits, rinds and stems in your **Organics** cart.

## Thank You for Feeding Your Green Cart!

Residents who participate in the Organics Program are helping us to:

- ✓ Preserve landfill space,
- ✓ Reduce the production/release of greenhouse gasses at the landfill,
- ✓ Produce clean-burning fuel for our collection vehicles, and
- ✓ Create nutrient-rich soil for farms.

## Important Reminder

Traditional and bio/compostable plastic bags prevent food from breaking down in our anaerobic digesters and sometimes contaminate finished compost. Please place food scraps and food-soiled paper directly into your green **Organics** cart.

To control moisture or odors, try these suggestions:

- ✓ Wrap scraps in newspaper or contain in a paper bag or to-go box. Freeze first if desired.
- ✓ Layer food scraps with yard trimmings, newspaper, or a piece of cardboard.
- ✓ Rinse out your green cart as needed. Let drain over a landscaped area.
- ✓ Sprinkle baking soda or spray a little citrus oil into the cart.
- ✓ Put your cart at the curb for service every week—even if it is not full.

## Too Many Yard Trimmings?

We will collect overflow yard trimmings for no additional charge on your regular service day. Please notify our office at least one business day prior. Overflow yard trimmings must be contained in paper bags, boxes, or reusable can(s) set next to your **Organics** cart. **Please do not use plastic bags.**
