

Correct Sorting Required

State law (SB 1383) and local ordinances require that organic waste be sorted from landfill-bound garbage.

To avoid service delays, extra fees and citations:

1. Place food scraps, food-soiled paper, and yard trimmings in your "Organics Only" bin.
2. Place clean/dry paper in your "Paper Only" recycling bin.
3. Place clean/dry, flattened corrugated boxes in your "Cardboard Only" recycling bin. In the absence of a cardboard bin, place in your paper recycling bin.
4. Be careful not to contaminate the materials in your organics and recycling bins with items that do not belong. Follow the QR code above, visit ssfscavenger.com/sort-smart, or contact us with your questions. You can reach us by calling 650.589.4020 or by emailing info@ssfscavenger.com.

This code will take you to helpful tips!

Did You Know?

In California, all waste collection bins must be clearly labeled to indicate common items that do and do not belong inside. They must also be:

- ◆ Grey or black for garbage
- ◆ Blue for recyclables
- ◆ Green for organics/compostables

State law (SB 1383) requires that all new bins comply and that existing bins be updated no later than 2036. We are actively working to comply. Please contact us today if you are missing a bin label. Send an email to info@ssfscavenger.com, or call 650.589.4020.

Food Scraps Are NOT Garbage?

When mistakenly placed in a garbage bin, food scraps end up at the landfill where they release methane into the environment. This greenhouse gas contributes to global warming and can make the air we breathe unhealthy.

Food scraps correctly placed in an organics bin are transformed into renewable fuel and compost. These products reduce carbon emissions and improve the health of our environment.

Thank you for sorting your food scraps, as well as your food-soiled paper and yard trimmings, into an organics bin.

No veggies for me!

COLLECTION DAY CHECKLIST

- ✓ Maintain a safe and litter-free collection area. Put all garbage and recycling inside the appropriate collection bins. Keep lids closed and the ground swept.
- ✓ Confirm proper sorting. If materials have been misplaced, take corrective action.
- ✓ Do not block access to the collection area.
- ✓ Contact us for help with overflow, electronic waste, or large items.

Your efforts are appreciated. Thank you!

HAZARDOUS WASTE DISPOSAL

Auto parts, tires, batteries, flammables, chemicals, paint, pressure-treated wood, sharps, fluorescent lamps and other hazardous wastes are **not** allowed inside any collection container.

For information on proper disposal of hazardous waste, please visit www.smchealth.org/safe-waste-disposal, email hww@smcgov.org, or call 650.372.6200. Blue Line Transfer does accept some of these items, details in left column.

ILLEGAL DUMPING & SCAVENGING

Reduce illegal dumping and scavenging by keeping collection bins inside a locked enclosure or by locking individual bins. Purchase your own combination lock(s) and provide us with the combination. Or, buy one of our locks. Contact us at 650.589.4020 to make arrangements.
