Collection Day Checklist

- Maintain a safe and litter-free collection area. Keep cart/bin lids closed and the ground swept. Contact us for assistance with overflow.
- Confirm that materials are correctly sorted and that liner bags have only be used for garbage. If materials have been misplaced or bagged, take corrective action or contact us. For the applicable fee, we will collect improperly sorted recyclables or organics as garbage.
- Do not block access to the collection area. If the garbage/ recycling collection vehicle must make a return trip, additional fees may apply.

Thank you for sorting smart, recycling right, and keeping it clean!
